JAPANESE CAPITAL SCENE OF RIOTS

Dissatisfaction Over the Peace Treaty the Cause.

TWO KILLED; 500 ARE WOUNDED

Fifteen Sub-Police Stations Destroyed by the Mob—An American Is Hurt by the Rioters—General Corbin and Party View Riots.

Tokio, Sept. 6.—6 a. m.—The destruction of the small police sub-stations continued through the night. It is impossible to ascertain the exact number destroyed, but it is estimated 15 were wrecked. Two of the largest police stations were also destroyed.

The mobs generally prevented damage to private property by dragging the police kiosks into the middle of the streets before applying the torch.

Shortly after midnight another attempt was made against the Kokumin Shimbun office, but the police dispersed the attackers, killing one of the assailants. The fact that a man was cut in the back angered the crowd, crowd which demanded the arrest of of the policeman.

Detachments of national trops mobilized on account of the war, were called out during the night. The crowd received the soldiers good naturedly and cheered them. The principal duty of the troops was the protection of the police. The anger of the crowd was chiefly on account of the closing of the Hibaya park, and the denial of the right to publicly meet in the park, which is under charge of the municipality. After the park was closed yesterday the mayor and court met and protested to the government, insisted that the park be reopened.

It is now claimed that all the turbulence resulted from the indiscreet closing of the park. Students and young street rowdies seemed to be the largest participants in the disorder of the night.

The firemen succeeded in saving the main structure of the home minister's residence. Only the outbuilding were destroyed.

It is impossible to secure accurate figures of the casualties.

The Jiji estimates them at two dead and 500 wounded in all including those seriously and slightly injured among whom are 500 policemen. The wounded are mostly slight sword thrusts, and bruises made by stones.

The city is exceedingly quiet this morning, and it is possible that the trouble is now over.

American is Wounded.

Tokio, Sept. 6.—Delayed in Transmission.—E. H. Harriman, president of the Southern Pacific railroad, has been threatened and the Marquis Ito, president of the privy council, has been stoned by mobs. Neither of them was injured.

New York, Sept. 8.—At the Southern Pacific offices it was said no word had been received from Tokio. His assistants were of the opinion that the hostile demonstration was in no sense personal. Mr. Harriman's visit to Japan, it was declared, was entirely for recreation and pleasure.

Corbin and Party View Riots.

Andy, Sept. 8.—The transport Logan with Major General Corbin and party on board, arrived here this morning at daybreak. Many of the party went on shore and viewed the scenes of the recent riots. The present condition of affairs in connection with the anti-American boycott movement is uncertain and the coolies are expected to make a serious outbreak on or about Sept. 13. All the members of the party are reported well on board the Logan which will sail for Shanghai at 2 o'clock this afternoon.

Komura Calls on Root.

New York, Sept. 8.—Baron Komura, after reading the Associated Press dispatches telling of the riots in Tokio and the experience of the E. H. Harriman party immediately endeavored to reach Secretary of State Elihu Root. Mr. Sato said Baron Komura was extremely desirous of seeing Mr. Root at once, and that a message would be sent to Mr. Root at once asking for an interview. What purpose Baron Komura had, Mr. Sato would not say.

AUTO STRIKES AMBULANCE.

Three People Are Injured in the Collision—Patient Not Hurt.

New York, Sept 8—Colonel A. N. Cooke, and his wife, who were injured last night by a collision between their automibile and an auto-ambulance in Brooklyn, were so much improved that they left the hospital a few hours after the accident, and proceeded to their hotel in Manhattan.

Mrs. Thelma Blake, wife of a broker, who accompanied the Cookes on their unfortunate trip is, however, in a serious condition. She was treated on the scene of the accident by a doctor who happened to be passing. He hurriedly carried her to a hospital where a large fracture of the skull and other severe wounds were found. Mrs. Blake is still unconscious, and her recovery is considered doubtful.

A strange feature of the accident was the escape uninjured of a boy, ill from diphtheria, who was in the ambulance. The hospital surgeons on the latter were so dazed that they did not come to their senses for some minutes.

STUDIED STORM-BREEDING BELT

Government Official Visits the Great American Desert.

Chicago, Sept. 8.—A dispatch to the Record-Herald from St. Louis says:

Dr. J. W. McGee, who was head of the anthrapological department of the world's fair, was in St. Louis yesterday on his way back to Washington after a remarkable four months' experiment in the great American desert, Arizona, says he discovered how the storms are bred in the region which has been termed "storm breeding belt."

A reservoir of aqueous vapor is formed over the Pacific coast and the gulf of California, he said, and this swings over the "storm breeding belt." The ground here is perfectly level and the radiation from the earth's surface is consequently regular and even. As the vapor moves eastward over the mountains and meets the irradiation that comes from the uneven surface, precipitation of the vapor results, thus causing rain and storms.

Piute Indians Hold Reunion.

Los Angeles, Cay., Sept. 8.—What is likely to be the last gathering of the Piute Indians is now in progress at the Pahrump ranch, of the Ivanchah Bull Frog road, where at least 200 members of the tribe are gathered from all parts of Nevada, Arizona and elsewhere. The occasion is the anniversary of the first invasion of the famous old chief, Tecopah, whose last resting place is about a mile from the ranch of Pahrump. The first event of the gathering was the gambling games that lasted two days. Then there was a big dance participated in by all the tribes. Besides the Piutes there are indians of two other tribes present to pay their respects to the memory of the dead chief.

Gold Mining Companies Merger.

San Francisco, Sept. 8.—The Examiner today says that W. P. Hammond, and John Hays Hammond, have at last succeeded in bringing about a merger of some of the large gold dredging mining companies in Butte and Yuba counties. The deal has just been closed in ew York and W. P. Hammond is now on his way home with the documents. The merger company is to be known as the Oroville Dredging company, limited, and it is organized with a capital of $4,000,000 London, New York and Boston capital is interested in the project. The company will control something like 4,000 acres of so-called gold dredger land.

Street Named for Roosevelt.

Vienna, Sept. 8.—The municipal council proposes to perpetuate the memory of President Roosevelt's success in restoring peace by renaming a street Theodore Roosevelt strasse, and cabling the thanks of the city of Vienna. The proposal has been formally introduced, and is set down for early consideration.

MOSQUITOES SWARM UPON NEW ORLEANS

Rainy Weather Cause Insects to Invade Crescent City.

DEATH RATE CONTINUES SMALL

The Cool Weather Seems To Be No Drawback to the Fever Patients This Year as in Former Epidemics. Much Fruit Arrives from Tropics.

New Orleans, Sept. 8.—Up to noon today 11 new cases of yellow fever and three deaths were reported.

New Orleans, Sept. 8.—Threatening weather continued here today with a continuance of moderated temperature. In former epidemics cool weather has operated seriously against persons who are ill, caused an increase in the death rate. There has, however, been no such increase during the present rainy spell, only two deaths occurring during the night.

A case of fever was reported today at Sellers, La.

This settlement is a short distance above the city.

The steamer Limon, with 53,000 bunches of bananas, began unloading her cargo today at Chalmette. The steamer is the third arrival since the Chalmette regulations were put into effect.

It is expected that there will be no further interruption to the handling of fruit through this port.

Millions of Mosquitoes.

Millions of the marsh mosquitoes which descended on New Orleans last night and made life miserable for several hours, disappeared today. They left a large representation behind them, but it was expected that they, too, would soon leave. Having striped legs, the public promptly concluded that the insect was the stegomyia and its appearance caused something of a panic, but the scientists quickly pointed out that it had a brown instead of a striped body and therefore was harmless, except that its sting was painful. The insect is known as the solicitans mosquito. It was driven into the city by the heavy rains and winds of the past few days.

The yellow fever situation showed no material change today, steady improvement being shown in the city, while the country situation is disconcerting as to some sections, the disease apparently having got a strong hold at Tallulah and Lake Providence, and being still severe at points in Jefferson, St. Charles and St. John parishes.

Lake Providence and Tallulah have each established two hospitals, one for the blacks and the other for the whites and assistance is constantly going forward to them.

In both towns screening and fumigating bodies have been organized and a systematic fight against the disease has begun.

The local business situation is steadily improving. In spite of the quarantines the Anugust statistics of the railroads make a gratifying showing. Although there has been some falling off because of the embargo that lasted for awhile against fruit and the result of some towns to receive dry goods, the August statements compare favorably with the same month last year, and the injury to the city's jobbing trade has been much less serious than was anticipated.

Many of the local merchants report that their sales for the month have exceeded last year's.

General Passenger Agent Batturs, of the Southern Pacific, said an indication of the fact that the scare elsewhere was passing, was shown in the sailing of the steamer Comus for New York yesterday with but six passengers returning to New Orleans.

The strength in real estate is shown in the sale of a piece of property on Canal street for $100,000, which a year ago brought $61,100. Plans are being prepared for a new sky-scraper office building in the heart of the business district.

Professor Boyce, of Liverpool, who has been here for several weeks, said today that he had no intention of leaving New Orleans for some time. He has been much interested in the work and has gathered much valuable data from his study of the disease for the benefit of the Liverpool school. Professor Boyce will visit other cities in the United States beore returning home. Dr. Warner has succeeded in arranging for meetings at practically all the factories in New Orleans. During the next ten days Dr. Warner and Professor Boyce will make daily visits to the factories addressing the workmen on th enecessity of co-operating with the authorities.

MINIMUM PRICE FOR COTTON.

Growers' Association Will Endeavor to Get Twelve Cents a Pound.

Asheville, N. C., Sept. 8.—The establishment of a minimum price for the coming cotton crop, the compiling of accurate statistics direct from the grower, the enlargement of the association's scope, and the discussion of present conditions in the cotton world are set down as the primary objects of the convention of the Southern Cotton Growers' association, now in session at Kenilworth Inn.

The question as to whether the sessions of the convention should be open or held behind closed dors was revived this afternoon, but after some discussion it was resolved that executive meetings shall be held either before or after the open sessions.

The all-absorbing topic is the estimate of a minimum price for the coming cotton crop, and there is strong feeling among the delegates that the southland's staple will be marketed at no less than eleven cents, with a possibility of the price going to 12 cents and upward.

The summary of the cotton crop of 1905-06 as reported by the statistician committee of the Southern Cotton Growers' association as reported today is as follows:

Production, 9,588,163 bales; percentage of condition as compared with last year, 73.3, as compared with government's estimate of 72.1. The yield is regarded as exceedingly small as from 10,000,000 to 10,500,000 bales was expected.

BROWNSTONE MANSION ROBBED

One of the Most Startling Robberies in World Occurs in Gotham.

New York, Sept. 8.—One of the most startling robberies in the histories of the under-world in this city happened a day or two since, according to the World, in a brownstone mansion on West Eightieth street.

The place has been used recently as a gambling house. A well known turfman had put in an evening of high play during which he lost $7,500. He had left the house, but a few minutes when there came a rapping at the street door. A "look-out" was sent down and three men wearing masks dashed through the door. They quickly made their way to the main gaming room where ten players were seated at roulette tables. Two revolvers were leveled at the proprietor while the third robber annexed $8,200 in bills gathered from the cash drawers. The men escaped.

The owners of the establishment are now searching for the "look out" whom, they declare, planned the robbery.

Less Politics in Labor Bureaus.

San Francisco, Sept. 8.—Before the labor commissioners yesterday United States Commissioner Blair, of Pennsylvania, said in his address: "What is needed in the labor bureaus of the United States is less politics. With politics eliminated and men of wise judgment selected to fill the offices a greater work could be accomplished. Give the commissioners plenty of room and unhampered choice of their assistants. Give us a universal system of gathering statistics." The session was held on Mount Tamalpais.

Left $20,000,000 Fortune.

Las Angeles, Cal., Sept. 8.—The will of Fredrick P. Rindge has been found among his private papers at his home. It leaves the entire estate, valued at $20,000,000, to his widow and three children and appoints Mrs. Rindge as executrix without bond. The testament which is short, was written by Rindge himself.

SIX PEOPLE ARE KILLED IN WRECKS

One Occurs In Tennessee; the Other in Pennsylvania.

MANY OTHERS ARE INJURED

The Tennessee Trains Met on a Trestle—The Pennsylvania Trains Met on a Sharp Curse—Engines Demolished and Rolling Stock Damaged.

Obion, Tenn., Sept. 8.—Four men were killed and three seriously injured in a collision between two freight trains on the Illinois Central railroad near here early today.

The dead are:

A. H. Williamson, engineer.
M. E. Smith, fireman.
J. H. Lewis, negro brakeman.
Noah McFadden, negro brakeman.

Those who were seriously injured are:

S. D. Armstrong, engineer.
W. S. Stevenson, fireman.
S. H. Cook, flagman.

The two trains met on a trestle immediately south of the Obion river. The engines were badly wrecked and several cars left the track.

Wrecking trains have arrived on the scene and through traffic was resumed at noon.

Two Killed in Pennsylvania

Newcastle, Pa., Sept. 8.—A collision of express trains on the Western New York and Pennsylvania railroad near Wilmington Junction, 10 miles south here, is reported.

The latest news from the scene of the wreck is that only two were killed and a score or more were injured. The dead are:

William Barnhart, engineer.
Fireman, name unknown.

At this time it is impossible to get the list of injured, but it is said that a number from this city were among them. All the ambulances in New Castle and medical assistance have been summoned and the injured are being taken to a hospital here as fast as possible.

The trains in the collision were an extra passenger from this city crowded with excursionists bound for the Stoneboro fair, and the regular passenger train from Stoneboro which was due to arrive here at 9:30 a. m.

The trains met on a curve. The cause is yet unknown.

Civil Engineer Killed by Train

Chicago, Sept. 8.—Frederick C. Rossiter, a Chicago civil engineer, was struck and killed by a train last night near Hammond. His son, Robert, was an eye-witness to the accident. Mr. Rossiter was 63 years old and one of the oldest survivors and civil engineers in Chicago. He was a member of the Illinois Farmers' institute, president of the state board of agriculture, secretary of the Cook County Farmers' institute, and the Cook county Agricultural and Horticultural society. He is survived by a widow and six children.

Morocco Yields to France

Paris, Sept. 8.—A dispatch to the foreign office from M. S. Taillandier, minister to Morocco announces that the Moroccan government has yielded to the French demands and given complete satisfaction. The foreign office was highly gratified this morning to receive the dispatch from the French minister at Fez announcing that the sultan had yielded all points demanded in the French ultimatum.

Bandits Mother Kidnaped

New York, Sept. 8.—During a Raisuli wedding ceremony at Benimsual mother of the bandit Raisuli was taken unawares and captured, according to a Herald dispatch from Tangier. Raisuli's brother, accompanied by a detachment of trops, is proceeding to Benimsual to release her.

Six Deaths From Cholera

Berlin, Sept. 7.—2 p. m.—An official bulletin just received announces that 15 new cases of cholera and six deaths were reported during the 24 hours ending at noon today, making a total of 105 cases and 32 deaths.

ANOTHER HOTEL.

Mrs. Richard B. Taylor Will Convert Dormitory Into Hostelry.

Gainesville is to have another hotel. Mrs. Richard B. Taylor, for the past year associated with Mrs. Dora Wallace in conducting the Endel Inn, has secured a lease of the East Florida Seminary dormitory, 500 to 506 East Main street N., and will open the same to the public as a hotel at once.

Mrs. Taylor has proven herself a thoroughly competent and popular hostess since she has been connected with the Endel Inn, and since she will now have a more commodious and comfortable building, more conveniently arranged for the purpose, there is no doubt but that she will enjoy a great success. It is her intention to conduct the place upon a stricly first-class basis, catering to the best class of transient and permanent trade.

The dormitory contains thirty rooms, more or less. It is neatly and modernly furnished, and will make a most desirable stopping place for those who, while they prefer hotel to boarding-house accommodations, may enjoy the privilege of a quiet location.

MEETING OF COUNCIL.

Passed Ordinance Empowering Fixing of Water Rates—Other Business.

The City Council held an adjourned meeting Thursday night, at which some unfinished business from the meeting of Monday was disposed of.

The council passed an ordinance granting a right to fix water rate upon the meter system, which was unanimous, and passed to its second and third reading with few amendments.

The resolution of last meeting directing the water committee to make certain improvements and alterations at the waterworks plant, was rescinded, and a resolution was passed to the effect that the water committee be instructed to make necessary excavation to connect pumps as they now stand with the newly discovered source of supply, that the suctions be extended to such new source, and that it be demonstrated the practicability of pumping direct from the new source.

After the transaction of minor business the council adjourned.

BUILDING NEW STORES.

S. H. Benjamin Still Has Confidence in Micanopy and Its Future.

S. H. Benjamin of Micanopy was among those who paid this city a visit Wednesday.

Mr. Benjamin a few months ago had the misfortune to lose his store and all its contents by fire. It was one of the largest and finest stores in the county, and the loss was a serious one, aggregating in building and stock about $35,000.

But Mr. Benjamin still has confidence in Micanopy and its future. He has decided to rebuild, this time a finer structure than ever, and is now clearing the lot for the erection of an elegant brick block which will contain three stores.

Mr. Benjamin believes that this section is now in better condition than ever, in so far as the fruit products are heavier than they have been for years, and the farmers are prosperous as a rule, which makes money plentiful.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Views of Alachua Sink.

The Sun sent a special photographer to Alachua Sink Friday for the purpose of securing a number of views of this beautiful lake and surroundings, from which illustrations will be made for the Industrial and Mid-Winter State Fair edition, of which twenty thousand copies will be printed and distributed.

The photographer secured a half-dozen views of the sink and surroundings, which are clear and will make fine illustrations.

LOCHLOOSA LACONICS.

Cotton Coming in—Heavy Downpour of Rain—Personal Mention.

Lochlooosa, September 8.—R. J. Tompkins of Leesburg has recently moved to our flourishing little town, and is going to put up a wheelwright and blacksmith shop here.

Miss Lillie McGahey returned to Miami Wednesday, where she will take a school.

Mrs. R. A. Hendrix of Largo returned to her home Saturday, after a long visit to her parents.

A. O. Strickland of Port Arthur was a visitor to our flourishing city Tuesday.

Mrs. Cribb and two daughters returned home Wednesday, after a day's visit to Mr. and Mrs. E. O Upthegrove.

We had an awful rain here Sunday. It rained about eight inches.

Mr. and Mrs. A. K. Wade made a pleasant visit to the sulphur springs Wednesday evening in their nicely arranged little steam launch.

P. A. Barker has returned from a flying trip to Plant City.

Cotton is rolling into market now. It opened up at four and one-half cents per pound.

P. J. Warley's wood rack on the Seaboard Air Line has been lying dormant for quite awhile, but has started up again.

Albert McEwen has returned home from a visit to Gainesville.

A PRETTY DIRECTORY.

Burtz's Directory of Gainesville is a Magnificent Book.

One of the prettiest, best-prepared and neatly printed city directories published in this State is the one recently issued by Jesse E. Burtz for the city of Gainesville.

Several copies of the book have been received here and have received high compliments for their excellency and general make-up. The book is printed on the very best paper, with the advertisements printed in various colors and with heavy and compact covers. There are various new and excellent features of the book, the most commendable of which is the separating of the white and colored residents of the city. The names of the whites appear in the first section of the book, while the colored people are named in the last pages of the publication.—Times-Union.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my gnee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment: I got a 50c size, and it cured my leg. It is the best liniment in the world" Sold by W. M. Johnson.

RESIDENCE NEARLY COMPLETED

Col. John B. Dell Will Have One of Handsomest Homes in City.

The elegant home of Col. John B. Dell, East Gainesville, which has been in course of erection for the past five or six weeks, is almost completed and within a short time will be ready for occupancy.

This will be not only one of the most modern in architecture, but one of the most comfortable homes in the city, and will be a credit to the owner. Col. Dell already owns desirable property in East GainesviNe, Roper avenue, which he and his family are now occupying, and it is supposed that the new building will be for rent.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

TEACHERS' EXAMINATION.

Applicants for First, Second and Third Grade Certificates Finished.

The examination of applicants for positions as teachers in Alachua county, which has been progressing since Monday, came to a close Thursday night. The applicants for second and third grade certificates finished their work Thursday, and the first grade concluded Friday.

There were thirty-one white applicants and two colored. The examination of the former was conducted at the Seminary under direction of Miss Serena Shannon, while the colored applicants were examined by Prof. M. H. DeLand at Union Academy.

Micanopy's New Industry.

Micanopy is to have a new enterprise in the nature of a moss cleaning establishment by A. U. Hilleary, and as Mr. Hilleary is a fine business man and a hustler there is no doubt but that the venture will pay. Mr. Hilleary was in the city Friday and stated to friends that he proposes to establish the moss mill at once.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

AN ORDINANCE.

An Ordinance to Provide for the Fixing of Water Rents and the Collection of Same.

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1 The Tax Collector of the City of Gainesville is hereby designated and he shall be the person whose duty it is to collect from all persons, firms and corporations using city water, the rent for same. The City Council shall have authority to prescribe and enforce by resolution all necessary rules and regulations governing and controlling the use of city water, the manner in which same may be used and the amount to be charged for the use of same and when payable, and shall by resolution prescribe all rules and regulations of whatsoever kind for the complete control and management of the water supply and the furnishing of same for any and all purposes.

Sec 2. All ordinances and parts of ordinances in conflict with this ordinance be and the same are hereby repealed, and this ordinance shall take effect from its passage and approval.

YOU MAY BE CURED
544 Garfield Avenue,
CHICAGO, ILL., October 9, 1902.
After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhœa resulting from irritation of a female womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I have it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.
Frances Kingaley
Vice-Pres., Chicago Historical Club.
How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and get a $1 00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingaley writes about will soon be yours. SURVEYING CORPS HARD AT WORK

Excellent Progress Has Been Reported From the Field.

THE WORK WILL BE PUSHED

A Permanent Line Will be Established Within Thirty Days, When Cutting Right-of-Way and Grading Will Begin Immediately.

The surveying and engineering corps of the Gainesville and Gulf Railroad, under direction of Chief Surveyor Patton, are now in the field and report fine progress. The corps, which comprises twelve people, began southward from Fairfield Wednesday morning, and are pushing rapidly towards Tampa, the proposed southern terminus of the road. The corps is accompanied by A. P. Stuckey, first vice-president of the new organization.

As has been stated before, Mr. Stuckey will have run several preliminary lines after which a permanent line will be established and work of cutting right-of-way and grading will begin.

Orders have been placed for all necessary rails, and the first shipment of several hundred tons has been promised the 15th inst. The cross-ties are also being hewn, and within thirty days it is safe to state that the actual laying of iron will begin, as it is the purpose of the constructor to keep the track worked up to the grading point as near as possible.

About twenty days will be required to complete this survey, immediately after which a line will be established.

The people of the sections which this extension will traverse are naturally jubilant, as it will open up a country rich in timber and phosphate which has not been worked before on account of lack of transportion facilities. The road will also touch several of the most prosperous towns in Florida.

MARRIED TWENTY-FIVE YEARS

Dr. and Mrs. J. L. Curtis Celebrate Their 25th Wedding Anniversary.

Dr. and Mrs. J. L. Curtis of Orange Heights, together with a large per cent of the one hundred invited guests, celebrated the 25th anniversary of their marriage on September 7th, at their home. The house of Dr. Curtis is situated in a fruiting pecan grove—an ideal place of residence for a king or czar. At 3 o'clock p. m., the designated hour for the arrival of the guests they led their way through the shady grove to the house of host and hostess where the words "Welcome" were indelibly stamped on the faces of the Doctor and his estimable wife.

To simply say that the house, with its broad verandas, was beautifully decorated, is giving a faint idea of its interior and exterior.

The refreshments, consisting of punch, ice cream and heart-shaped bonbons were furnished by Caterer [illegible] of Jacksonville, while the other viands too numerous to mention, were prepared by the hostess, assisted by Mesdames W. H. Palmer and H. S. [illegible] of North Gainesville.

The presents were many and of great value, all of which were highly appreciated, one being quite a novelty and consisting of twenty-five silver dollars. After all hour the guests departed, voting it the event of the year, and wishing the host and hostess a life of many such occasions.

The host and wife were married at [illegible] am, Maine, but have been residents of Alachua county for many years, and have a host of friends who wish them all the [illegible] life.

WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhœa.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

Dear Mrs. Pinkham:

"I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women.

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

THE YELLOW FEVER.

Both Pensacola and New Orleans Getting Along Nicely.

Pensacola, September 8.—No new cases reported today. Carrabelle and Apalachicola refused to let the steamer Tarpon land at those points when it had a certificate from the State Health Officer. The case was reported to Governor Broward. Dr. Gonzales was sentenced to 30 days for interfering with the State Board of Health, but released during good behavior.

At New Orleans.

New Orleans, September 8.—From 6 p. m. yesterday to noon today there were 15 cases and two deaths. Total cases to date, 2,192; total deaths, 306. Leesville has four new cases and one death today.

Elsewhere.

The detention camp at Jacksonville emptied yesterday.

Atlanta has been quarantined by the State Board of Health.

A "Sloppy" Habit.

Complaint has been made that persons in the vicinity of the Baptist church are accustomed to leaving slop in a barrell so long that the stench coming therefrom is very disagreeable. The party making objection states he is sure it is only a case of thoughtlessness, but the presence of the slop is not only offensive to the nostrils, but is likely to produce sickness.

Complaint was made to Sanitary Officer Pinkoson, who has promised to investigate the matter.

In this connection, Officer Pinkoson desires The Sun to urge upon all citizens the absolute importance of keeping their premises clean at this season. He will make another round in a day or two, and offenders of the sanitary law will be dealt with to the extent.

Open for the Season.

The ginnery of H. F. Dutton & Co. has opened for the season, the first bale having been turned out Tuesday.

This ginnery is one of the largest, if not the largest, in the State and employs many hands, mostly women and children, during the season. The ginnery turned out several thousand bales last season.

SIXTEEN SAILORS ARE DROWNED

Attempt to Reach Shore From Wrecked Ship and Are Lost.

Charleston, S. C., Sept. 8.—The British steamship Tropic, 2,340 tons, Captain Barnes, has arrived in this port after a voyage that had lasted nearly three months and which was filled with excitement. The second mate, purser and 15 seamen are missing.

Sailing from Valparaiso, Chile, June 21, the Tropic met with bad weather at once and on June 28, while off Puta [illegible] about 15 miles from Constitucion the lookout reported "breakers ahead," and before the ship could be got about, she had gone hard aground, not over 300 yards from the beach.

High seas were running, and it was realized that something must be done. The second mate, purser and 15 seamen got away in the first life boat for Constitucion for aid, but never returned. The Tropic was 28 days overdue and a letter from Valparaiso to the master, dated June 29, said that she would be a total wreck, a later letter from London told that she was [illegible].

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

REGULATE RAILROAD RATES.

United States Senator Culberson, of Texas, Makes Statement.

New York, Sept. 8.—Senator Chas. A. Culberson, of Texas, now in this city, is quoted by the Times as having expressed the belief that legislation on government regulation of railroad rates will be enacted at the coming session of congress.

"I think the Democrats of the senate although I am not authorized to speak for any one but myself, will co-operate with the Republicans who stand by the president in an effort to secure this legislation. The senator continued: "The house passed a bill last session, but the senate, owing to delay in the committee on interstate commerce, was unable to do anything. Those who favored delay last session plainly stated that they would agree to take the subject under consideration this winter so that it may be generally anticipated that something will be done."

The Sun Do Circulate.

The Sun is probably the most widely circulated daily newspaper in Florida, with two or three exceptions of larger cities.

W. J. Ayer, traveling freight agent of the Southern Railway, is spending a few weeks at Hot Springs. Under recent date he wrote to a friend in this city, and among other things said:

"I am stopping at the Waukesha Hotel. This morning I sauntered up to a reading table for something to pass the time away and was most agreeably surprised to find that bright little daily, The Gainesville Sun, 'smiling in my face.' You may feel sure that I read every line in it, being almost the same as my home paper, and since I find that it come regularly every day I am the first one to 'nab' it. I feel more contented since I know that I can see the sun every day, thus keeping posted on matters in that section of Florida."

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Jacksonville will build a substantial jail at once. It's needed.

The jail at Key West is full of vags who will soon be leased out to work.

The hotel at Orange Park is being made ready for the winter trade. And there will be many others.

Chas. Rheinauer, health officer at Ocala, presented the council with a report and his resignation at the same meeting.

The Manatee County Humane Society was organized at Bradentown, Friday of last week. Let every county follow suit.

Chaires is getting to be so tough that the residents want it incorporated, so they can have a marshal appointed to put a stop to the rowdyism.

The Jacksonville business men are up in arms because the carnival has been called off, and an effort will be made to go ahead with the enterprise.

The Good Roads Convention, which met at Lake City on Wednesday, had a large attendance, and an effort will be made to do something besides talk. Good enough.

Key West will soon have a bond election, and a few days ago the poll list was cleaned up and 1,400 names dropped of voters who had not paid their poll tax.

Capt. John R. Jones' place on Anna Maria Island was struck by lightning twice at one sitting during a storm a few days ago. It was the worst storm of the season.

It was reported that a Miami merchant discharged a clerk because he appeared in the parade on Labor Day. But the report is denied and the merchants are all to the rescue.

Deputy Sheriff Jones arrested Henry Hast, Joe Edwards, Jim Anderson and Will Hollingsworth, four bad black men in Jacksonville, Wednesday night. They are all charged with assault to murder.

The Miami militia will make an effort to get a strip of land off the court house square for an armory. It would be a good scheme to have the soldiers handy during court sessions to quell the fights of lawyers.

Owen E. Loadholtz, who was tried at Jacksonville Tuesday on the charge of manslaughter, the killing of Miss May Brown on February 18, was found guilty of aggravated assault. His attorneys gave notice of a new trial.

The A. C. L. Railroad is making preparations to run through trains from Jacksonville to St. Petersburg, by Sanford and Trilby, over the S. & St. P. Railroad. We hope they will help to boom that section of the country.

Sheriff Gordon of Marion county has had all his boarders, the county prisoners, leased to the turpentine men, and the county commissioners and one of the lessees have reimbursed him in the sum of $250, to make up for his loss.

Dr. James Fraser of St. Augustine gave a colored man a prescription to be filled for dieting, and he was arrested for practicing medicine without a license. But as chocolate, flour and grape nuts could not be called medicine, he was disharged.

John Moses is dead and Jim Burney thought to be fatally wounded from the result of a fight near Durbin Tuesday night. After being stabbed several times Burney staggered to his feet and shot Moses, who died in a few hours after. Both are black men.

Mrs. Ruth Freeman of Jacksonville has been found guilty of aggravated assault on the person of Owen Loadholtz. The latter is the man who shot and killed Mrs. Freeman's daughter, Miss May Brown, in Justice Farris' court in Jacksonville last February.

New Steamship Line to Panama.

New York, Sept. 8.—In confirmation of a dispatch from Panama to the Associated Press it is learned here that the Royal Mail Packet Steamer company which has maintained a regular service between England and the West Indies and South American ports for more than half a century, has decided to establish a regular line between New York and the same ports. The first sailing from New York will be Oct. 28 for Kingston, Jamaica, thence to Colon and other South American ports. From Barbadoes the steamer will proceed to the Azores and to Southampton, Eng. The same itinerary in reverse order will be followed by steamers on the return trip. The sailings from either end will be fortnightly.

Mail Drivers Strike.

New York, Sept. 8—A general alarm was sent out early today by Chief Inspector Cortright, of the police department calling on the captains to take especial care to guard all mail wagons. The order was issued because of a strike last night by 300 drivers in the employ of contractors for hauling the mails from the general post-office. No wagons were sent out up to 1 o'clock this morning. No trouble has occurred thus far. Contractor Travis declares that plenty of men are available for the strikers' places Automobiles will be used temporarily however.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Fire In Alabama Town.

Birmingham, Ala., Sept. 7.—A special to The News from Albertville says that fire at that place today destroyed 14 business houses, two warehouses and two blacksmith shops, causing a total loss of $40,000, with small insurance. The fire began in L. H. Goodwin's produce store and is supposed to have originated from a lighted cigarette thrown in hay. This is Albertville's second big fire recently.

Ship Stranded Near Norfolk.

Norfolk, Sept. 7.—The steamer Aragon, lumber laden, from Georgetown, S. C., to New York, via Norfolk which stranded night before last two miles south of False Cape on the Virginia coast was floated at 1 o'clock this morning. The Aragon and the barge Saxon, also lumber laden, which went ashore with the steamer, but was subsequently floated, started at 7 o'clock for here in tow of the tug McCaulley.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Wealthy Kentuckian Killed.

Louisville, Sept. 7.—"Cash" Clubs one of the wealthiest men in the county, was shot and killed by his brother Coswell, a hotel proprietor of Pleasureville, Ky. The murdered man is 60 years old and has been brought here. The difficulty was over money matters but their friends attribute the shooting to mind derangement rather than the disagreement over finances. The tragedy took place at Pleasureville.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

Red Men Meet in Nashville.

Nashville, Tenn., Sept. 8.—Red Men are beginning to arrive to attend the convention which convenes here next Monday. The great board of appeals which is the judicial part of the order, is already in session here. All complaints, disputes, etc., during the year are referred to this body.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WOMEN SUFFER NEEDLESS MISERY.

There are hundreds of thousands of women in America suffering from Female Diseases, endangering their lives by doing nothing. If they write to me I will give them the benefit of my extensive experience.---S. B. Hartman, M. D.

IN view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned genecologist, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

The treatment will be conducted by correspondence.

The medicines prescribed can be obtained at all drug stores.

The Doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. Furthermore, all correspondence will be held strictly confidential.

This offer will hold good only during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements, and previous treatment.

Pe-ru-na Brought Health and Happiness.

Miss Nellie South, late of Manchester, Eng., writes from 86 Prince Arthur St., Montreal, Can., as follows:

"Peruna has made a wonderful change in my life. It has brought me health and happiness.

"Since my seventeenth year I have had female complaint and irregularities. My general health suffered, I had pains in my back and lower limbs, my eyes were dim, and I became morose and unreasonable.

"Mother sought the advice of our family physician, who prescribed for me, but I grew no better.

"I then read of Peruna and procured a bottle. That one bottle was worth more than all the doctor's medicine I had taken previously.

"I cannot express my gratitude. Peruna has been a great blessing to me."—Nellie South.

Miss Edna Moore, 46 Elm street, Buffalo, N. Y., Secretary East End Literary Association, writes:

"I was a great sufferer from systemic catarrh, was extremely nervous, could not sleep, fainted easily, was very irritable, had a confusion of the senses, and got up in the morning feeling more tired than when I went to bed.

"I was very wretched, but upon taking Peruna I began to improve, and after using the medicine four months, I felt like a new woman and was completely cured."—Edna Moore.

The principal remedy which Dr. Hartman relies upon in curing catarrhal diseases of women is Peruna. Hundreds of women sufferers find Peruna a household necessity.

Miss Angelina Grotten, 305 St. Urbain street, Montreal, Can., writes:

"Having heard Peruna praised so highly induced me to try it for my cold, and pains in the groins with which I had been suffering for months. It took nearly three bottles to cure me, but I consider that was but a short time, as I have often taken doctors' prescriptions for months before I got relief."—Angelina Grotton.

As is well known, Dr. Hartman is the President of the Hartman Sanitarium, an institution which has a department devoted to the treatment of female diseases.

He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Dr. Porter State Health Officer, deserves all the credit he will get out of the yellow fever infection, no matter if he did run the biggest graft on earth. He has made the people clean up, which is a good thing; saved the lives of many, which is still better.

The Ocala Enterprise, published at Ocala, this State, has reached the end of the fourth year, and starts out on the fifth with good prospects. Mr [illegible] is giving the people of Madison [illegible] a clean and ably edited [illegible] and such papers are a credit to any community.

It is plain to see, is made up [illegible] They drove the Russians out of Manchuria and defeated them every turn, and now they are [illegible] to see the peace treaty will [illegible] them from driving the Japs off the earth. They are getting [illegible] of conceit.

The city which is such a mid-winter orange grovee, is also a [illegible] in other places as well. An [illegible] light will attract thousands of them, and when they settle on a wood that is painted a dark color [illegible] they will make a great [illegible] and almost ruin the paint [illegible] woodwork.

COTTON GROWERS.

The establishment of a minimum price for the coming crop of cotton, the compilation of accurate statistics direct from the grower, the enlargement of the association's scope, and the discussion of present conditions in the cotton world, are the objects of the Southern Cotton Growers' Association now in session at Asheville, N. C.

The talk of a minimum price, whether at 11 or 12 cents, is a question that will be discussed at length. But it is certain that many delegates will hold out for 12-cent cotton, on the basis of a decline in production from last year's crop of 14,000,000 bales. All the meetings, except the executive sessions, will be held open to all.

The cotton industry of the South is one that should command the careful attention of all growers, and there should be a thorough study made of its culture and an effort made toward an improvement of the fiber, both in fineness and length. In every other industry there has been advancement and improvement, either from the use of fertilizers or selection of proper soil, while cotton has been neglected, except, perhaps, in a few instances, where someone has succeeded in producing a higher grade for fine quality, strength and purity of whiteness, that finds a ready market at advanced prices in the countries of Europe, where it is woven with silk and produces a grade of goods that makes it of much more value than to be used in cheap cotton goods.

POSTAL TELEGRAPH.

The Postal Telegraph Company is certainly up to the times, and the recent action of this company toward its employes is worthy of commendation. During the fever troubles which have infested the South they notified their employes that to all who remained at their post of duty during the period that yellow fever exists, an advance of 20 per cent in salaries would be given. The increase includes all, from manager down to messenger boys.

The company will also pay all expenses of any employe who is taken ill with the fever, including nurses, physicians, medicines, and in addition will carry the stricken party upon the pay roll until he recovers.

This company has offices at several cities in Florida, and it is expected that in a short time it will establish offices in Gainesville. It has established a cable service that makes it an important factor in business transactions.

SUNSTROKES.

The man who is looking for the knocker generally gets knocked.

There are some people who can give an electric fan points, with the exception that the former serves hot air.

The habit of cleaning up about your premises is a good one to fall into. It may save you falling into a mud puddle.

The assertion that no man ever bought a wedding present because he wanted to, is wide of the truth. After marriage is the time they come with the greater reluctance.

If the bankers can get the merchants to play them a game of baseball, it will cause much "interest," as the bankers will waive collateral security as an inducement to get the game.

Where will we put the folks that come here this winter? The city is now without a vacant house. If you have rooms to rent they can be easily filled. New houses and a new hotel would pay.

Whenever there is anything in the paper that strikes you very closely look wise and see if you can't find another person to whom the application can be made. There are many pebbles on the beach.

When you do a charitable act, don't try to let your neighbors know it by explaining how much better you feel for it. Your neighbor don't keep the big record book. He only puts flowers on your grave and they soon fade.

John D. Rockefeller has been called "the father of the Chicago University," and the University is the mother (mater) of its students, hence John D. is their grandfather. This suggests these disquieting questions: Is the law of heredity to apply in this case? Will the principle in generation, "like begets like," hold good here? Will the grandchildren inherit the most prominent characteristics of their grandsire? If yes is the answer then the fabled box of evils let loose in the world by Pandora was as a bag of peanuts compared with the evils the Chicago child of Rockefeller will turn loose in the coming years.

Anglo-Japanese Treaty.

London, Sept. 8.—The substance of the new Anglo-Japanese treaty has been communicated by the British foreign office to the state department at Washington through the ambassador of Great Britain, Sir Mortimer Durand. The other powers concerned have been similarly notified through the British representatives at the different capitals. No details of the contents of the treaty have yet been out here.

You Get Up

In the morning tired, languid, and frequently with a headache that is almost unbearable. You have been nervous, restless and sleepless night after night, and gloomy and irritable during the day. This nervous exhaustion affects the heart, lungs and other organs that depend upon the nerves for motive power. Then the stomach fails to digest the food; the heart action is weak, and circulation poor, and the kidneys and liver inactive.

What you need is not a stomach, head, kidney or liver medicine, but Dr. Miles' Nervine to soothe and feed the nerves and build nerve tissue.

"My wife was subject to severe mental strain, which resulted in nervous prostration. The first symptoms were uncontrollable crying and melancholy spells, which increased to such an extent that for over a year she would have a spell every day of from four to six hours duration. She required the constant attention of her physician and attendants. She suffered great pain and anguish. The best physicians attending her could give no relief, and she finally became almost of unsound mind. As a last resort I began giving her Dr. Miles' Nervine, and Tonic, and noticed that her spells next day were not so severe, and they gradually disappeared altogether. She has had no recurrence of the spells and is gaining in health and strength."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

AN ORDINANCE.

An Ordinance to Provide for the Appointment of Bond Trustees, for the Engraving of Bonds and Interest Coupons, for the Sale Thereof and Disposition of Proceeds of Said Sale, and to Provide for the Levy and Collection Annually of Such Special Tax as May be Necessary to Pay Said Bonds and the Interest Thereon.

Whereas, Under and by virtue of the provisions of an ordinance entitled "An Ordinance to Provide for an Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City," published July 3rd, 1905, an election was held in the said City of Gainesville, Florida, on the 8th day of August, 1905, to determine whether or not the issuance of bonds proposed by said ordinance should be at that time approved by a majority of the votes cast by the registered voters of said city; and

Whereas, Said ordinance was published in The Gainesville Sun, in full, a newspaper published in said city, for thirty days after its passage and approval; and

Whereas, Along with the publication of said ordinance there was published therewith, at the same time, in the same newspaper and for a period of thirty days, the Mayor's proclamation calling said election provided for in said ordinance; and

Whereas, In and by said ordinance the issuance of bonds to the amount of Fifty Thousand Dollars is provided for, and the purposes for which such issue of bonds is to be used is expressed in general terms; and

Whereas, At said election so held on the 8th day of August, 1905, the issuance of said bonds for the purposes mentioned in said ordinance provided for was approved by a majority of the votes cast by the registered voters of said city at said election: now, therefore,

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GAINESVILLE, FLORIDA:

Section 1. There is hereby created a board of bond trustees to be known and designated as "Educational Bond Trustees," to consist of three members, whose duties it shall be to receive said bonds as soon as the same are engraved and executed, and to sell the same at not less than par, and to dispose of the proceeds as provided by this ordinance.

The first Board of Educational Bond Trustees shall consist of E. Baird, Christopher Matheson, J. S. Bodiford. Their term of office shall be one year, and their successors shall be elected by the City Council. Said board shall elect from their number a chairman and a secretary. All vacancies in said board shall be filled by election by the City Council.

Sec. 2. The Mayor, the Chairman of the Finance Committee of the City Council and the Chairman of the said Board of Educational Bond Trustees, shall have engraved five per cent coupon bonds of the City of Gainesville, to be known as "Educational Bonds of the City of Gainesville," to the amount of Fifty Thousand Dollars and the denomination of One Thousand Dollars each, dated the First day of September, 1905, which date shall be the date of issue, bearing interest at the rate of five per cent per annum, payable semi-annually, at the bank of H. F. Dutton & Co. or the office of the City Treasurer, in said city, with engraved interest coupons attached thereto, payable at the end of periods of six months from the date of bonds. Said bonds shall be executed by the Mayor and the President of the City Council and shall bear the corporate seal of said City of Gainesville, and the coupons shall bear the engraved signature of the President of the City Council.

Both principal and interest shall be made payable in gold coin of the United States of the present weight and fineness.

Sec. 3. Said Board of Educational Bond Trustees shall adopt and use a common seal, and they shall receive no compensation for their services. Said Educational Bond Trustees shall enter into a good and sufficient bond with one or more sureties, payable to the Mayor of said city and his successors in office, in the sum of One Thousand Dollars, conditioned for the faithful performance and discharge of their duties.

Sec. 4. That said bonds shall be made payable to bearer, and shall be delivered by said Educational Bond Trustees only after being countersigned by the Chairman and Secretary with their seal attached, whereupon said bonds shall become payable to the lawful bearer thereof.

Said bonds shall be, as soon as engraved, delivered to the said Board of Educational Bond Trustees. It shall be the duty of said Board of Educational Bond Trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose.

Sec. 5. That said bonds and the coupons attached shall be in the following words and figures, the blanks left for the number and the date upon which the bond may become due and payable to be filled in as the number and date to become due and payable of the bond may render necessary, twenty of said bonds to become due and payable in ten years from the date of issue, fifteen of said bonds to become due and payable in twenty years from the date of issue and fifteen of said bonds to become due and payable in thirty years from the date of issue:

UNITED STATES OF AMERICA.
STATE OF FLORIDA.

No.	Device.	$1000.00

CITY OF GAINESVILLE, EDUCATIONAL BOND. INTEREST FIVE PER CENT PER ANNUM. PAYABLE SEMI-ANNUALLY.

The City of Gainesville, in the State of Florida, will pay on the .....day of ....., A. D. ....., to bearer, the sum of One Thousand Dollars, in gold coin of the United States, of the present weight and fineness, at the bank of H. F. Dutton & Company, or office of City Treasurer in said city, with interest thereon at the rate of five per cent per annum, payable semi-annually, in like gold coin, at the office of said H. F. Dutton & Company, or office of City Treasurer, on presentation and surrender of the annexed interest coupons as they severally become due and payable.

This bond is one of a series aggregating $50,000.00, of like date, known as "Educational Bonds of the City of Gainesville," issued under and in accordance with the provisions of an Act of the Legislature of the State of Florida, entitled "An Act to authorize the City of Gainesville, in Alachua county, to Issue Bonds for Educational Purposes," approved May 31st, 1905, and of an ordinance of said City of Gainesville entitled "An Ordinance to Provide for an Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City," approved 3rd day of July, 1905, and published 6th day of July, 1905, and for thirty days after its passage and approval, which ordinance and the issuance of which bonds were approved by a majority of the votes cast at a special election duly called and held under the provisions of said Act and Ordinance on the 8th day of August, 1905.

It is hereby certified that the issue of bonds, of which this is one, is made in strict conformity with the Laws of the State of Florida and Ordinance of the City of Gainesville duly authorizing the same, and that all proceedings and things essential to the validity of this bond have duly happened and been performed, and all requirements of laws and ordinances have been fully complied with by the proper officers in the issuance of this bond.

In testimony whereof the City of Gainesville has issued this bond bearing date the First day of September, A. D. 1905, and has caused it to be executed by the Mayor and President of the City Council of said city, under the seal of the corporation. W. R. THOMAS,
Mayor of the City of Gainesville.

No. .....
President City Council.

Sec. 6. For the further protection of the citizens of Gainesville and the holders of said bonds, the Treasurer of said city shall be required to give a special bond, to be approved by the Mayor, in the sum of Ten Thousand Dollars, conditioned for the honest and faithful performance and discharge of all duties devolving upon him, under the provisions of this ordinance, and may from time to time be required to give any additional bond so conditioned should the City Council by resolution deem it advisable. Said bond shall be payable to the Mayor and his successors in office.

Sec. 7. The City Clerk and Treasurer or other agents or officers collecting or receiving money from any assessment, tax or other source to be applied to the payment of said bonds, or any part of them, or to the sinking fund or interest thereon, or any portion thereof, shall each make on the first day of each and every month written report in duplicate of the amount of money collected or received for such purpose, from whom and when collected, or received, and the amount collected or received from each person and of all payments by him made under the provisions of this ordinance; such report must embrace a detailed exhibit of all coupons collected, received, paid or taken up by such officer or agent, stating particularly the date when each coupon has been collected, received, taken up or paid, and the number of bond from which the several coupons are detached, and the date of maturity of each; also a statement of all bonds redeemed, paid or purchased, with the number of each bond, the date of redemption, payment or purchase, from whom received and the amount paid for each.

One of said reports shall be, on or before the third day of the same month, filed with the City Clerk and the other with the Secretary of the Board of Educational Bond Trustees.

Sec. 8. It shall be the duty of the City Treasurer or other agent or officer receiving or accounting for bonds or coupons redeemed, paid or purchased, to cancel the same when received, in the presence of the person from whom he shall receive them, and to deliver all such bonds and coupons to the said Educational Bond Trustees, together with his report above mentioned, each month.

Sec. 9. The City Treasurer, by and with the advice and direction of the Board of Educational Bond Trustees, shall from time to time apply all the moneys that may come into his hands as a redemption or sinking fund to the purchase of said bonds at their market value, or shall, under the same direction, invest the said money in bonds of the United States or the State of Florida, or in such other bonds or securities as shall be approved by said Trustees and as may seem to them advisable.

Sec. 10. It shall be the duty of the Board of Educational Bond Trustees, on or before the first day of February of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year.

Sec. 11. The Educational Bond Trustees are hereby authorized to sell at not less than par and to deliver the Fifty Thousand Dollars of the authorized bond issue of Educational Bonds of the City of Gainesville; and said Educational Bond Trustees are hereby further authorized and empowered to use the proceeds of said sale for the purpose of acquiring, building or purchasing a building or buildings for school purposes or to otherwise secure with said proceeds educational advantages or facilities in or adjacent to said city.

Sec. 12. This Ordinance shall become effective immediately upon its approval by the Mayor.

DISPENSARY FIGHT WAXES HOT

Investigating Committee Probing the Charges Against Officials.

Sept. 8.—The most important [illegible] brought out at the dispensary investigation was that state [illegible] supported Talbert for [illegible] against Heyward in the campaign of [illegible].

A letter was read from L. J. Williams, written on official letterhead, urging them to work for Talbert. Williams was then chairman of the board of directors of the state dispensary and afterwards ran for congress in the second district and was defeated by [illegible], ex-dispenser at Florence, as a whisky buyer, testified his salary was $75 per month, and that he could make much more on the side selling [illegible]. This is illegal.

Wilson, ex-dispenser at Darlington had a drinking platform arranged in the office of his dispensary. He had a corkscrew and bottle opener there, and had the following sign at different places in his dispensary:

"Customers opening and drinking liquor on these premises must put empty bottles in the barrel or box. Thomas Wilkes, disperser."

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Mississippi Youth Murdered.

Meridian, Miss., Sept. 8.—The body of Floyd Lambert, a young boy, was found floating in a pond 8 miles south of Quitman. The body was covered with gunshot wounds and was partly nude. No trace of the clothing could be found. Besides the wounds there were evidence of gashes on the throat and temple, possibly made by a knife. There is no clew to the perpetrators or the cause of the crime, other than the theft of the clothes. The boy was a resident of Quitman and disappeared Sunday afternoon. An engineer on a passing train discovered the body.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Big Increase in School Children.

New York, Sept. 8.—School children big and little, called yesterday by [illegible] principals all over Greater New York to register for the school [illegible] which will begin next Monday. [illegible] remained open until 3 o'clock and the teachers will be on [illegible] today and tomorrow to [illegible] information and accept the el[illegible]. While no complete statistics will be available for some days, there [illegible] estimated increase of 30,000 in the [illegible] registration. Last season [illegible] below this mark.

A Clear Complexion and Bright Eyes.

[illegible] a sallow, blotched complexion and dull heavy eyes are due to [illegible] and an inactive liver. Herbine Laxative Fruit Syrup aids digestion, stimulates the liver and bowels, makes the complexion smooth and clear. Herbine Laxative Fruit Syrup does not nauseate or gripe and is pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Men Barely Escape Cremation.

Spokane, Sept. 8.—Fires have been raging in the forests east of Mill[illegible] creek and a logging camp in the Cascade [illegible] was almost burned. The men [illegible] escaped from the camp with [illegible]. Last week's fire was [illegible] under control, but the [illegible] yesterday fanned the embers into flames. It is said the fire is [illegible] traveling into the Cascade [illegible] destroying a fine body of [illegible] doing much damage other[illegible].

Attacked by a Mob

[illegible] in a labor riot, until covered with [illegible], a Chicago street car [illegible] applied Bucklen's Arnica Salve. It was soon sound and well. "I [illegible] my family," writes G. J. [illegible], Tekonsha, Mich., "and find it simply great for cuts and [illegible]." Only 25c at all drug stores.

Forty Lives Lost In Storm.

Cleveland, O., Sept. 8.—A. W. Haygood & Co., owners of the Steamer Iosco, which foundered in the recent heavy storm on Lake Superior today received a telegram from Marquette, Mich., saying that the bodies of four men and one woman have been washed ashore at Pine river with life preservers attached to them bearing the name Iosco. The total number of lives lost in the Lake Superior storm is now placed at 40.

Conditions Desperate in Baku.

St. Petersburg, Sept. 8.—The desperate condition of affairs at Baku is shown by a telegram from the governor of Baku who has sent an urgent dispatch to Tiflis saying that his troops are surrounded by Tartars and will inevitably be overwhelmed unless immediately relieved.

AN ORDINANCE

An Ordinance to Provide for the Registration of Voters at a Special Election to be Held October 10th, 1905, in the City of Gainesville, Florida.

Be it Ordained by the Mayor and City Council of Said City:

Section 1. That the City Clerk of said City of Gainesville be, and he is hereby directed, immediately upon the adoption and approval of this Ordinance, to open the registration books of said city at his office, or at any other convenient place in said city, and that all persons entitled under the Laws of Florida to the right of franchises shall be entitled to register by taking the required oath, giving their name, color, age and residence. The said Clerk shall give due notice of the time and place where said books are to be opened and kept by publishing such notice in some newspaper printed in said city. The registration shall be completed and the said books closed on the second Saturday of September, 1905.

Sec. 2. That the purpose for which said registration books shall be opened as provided in Section One, shall be to permit the registration of all persons entitled under the Laws of Florida as therein provided, to register for the purpose of qualifying to vote at the special election to be held in said city on the 10th of October, 1905.

Sec. 3. That this ordinance shall take effect immediately upon its passage and approval.

Passed City Council August 10th, 1905. A. M. CUSHMAN, President pro tem.

Attest: J. M. DELL, Clerk.

Approved by me this 10th August, 1905. W. R. THOMAS, Mayor.

Attest: J. M. DELL, Clerk.

AN ORDINANCE.

An Ordinance to Provide for, Regulate and Require the Widening of Liberty Street in the City of Gainesville, Florida, so to Make Said Street an Eighty Foot Street from a Point where the Gainesville and Gulf Railroad Crosses said Street, thence West to the Corporate Limits of said City.

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1. That the Chairman of the Street Committee be and he is hereby authorized to widen Liberty street in said city from a point where the Gainesville and Gulf Railroad crosses said street, thence west to the corporate limits of said city, making and widening said street so that the same shall be from said point an eighty foot street in width. The Chairman of said Street Committee shall acquire from the property owners fronting or abutting upon either side of said street proper deeds from said owners to a sufficient amount of land along said street where the same is to be widened so as to make said street an eighty foot street, or said Chairman of the Street Committee shall cause to be instituted the necessary and proper legal steps or proceedings to acquire said property by condemnation as provided by law.

Sec. 2. That the cost of acquiring said property as provided in section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the abutting property thereon. The estimated total cost of the widening of said street is Three Thousand Dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is Two Dollars.

Sec. 3. The special assessments shall become due and payable when the widening of said street shall have been completed from the point where such widening begins to the point where the same ends, and when the City Council shall fix the special assessment as herein provided. The said City Council shall within thirty days after the completion of the widening of said street as herein provided meet and by resolution fix the special assessment per front foot upon the property abutting or fronting upon said street where the same shall be widened, said special assessment not to exceed the actual cost of such widening or the estimated special assessment per front foot as stated in this ordidance. Said resolution shall, immediately after its passage, be published one time in a newspaper published in said city.

Sec. 4. That this ordinance shall be published in a newspaper published in said city once each week for four weeks, and the said City Council shall meet on Monday, the 25th day of September, 1905, at eight o'clock p. m., in the Council Chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of the requirements of this ordinance.

Sec. 5. That this ordinance shall take effect immediately upon its passage and approval.

Passed City Council August 10th, 1905. A. M. CUSHMAN, President pro tem.

Attest: J. M. DELL, Clerk.

Approved by me this 11th August, 1905. W. R. THOMAS, Mayor.
